Technical Planning Aid Flat-roof

In order to submit an adequate offer we require the information mentioned below. Please fill in the form and mail it to: helpdesk-techsupport@mounting-systems.com

Date:

1. Installation place

Street address:

Postcode, place:

Country:

2. Building

Roof pitch:
(Inclination of the roof to the plain)

°

Building height:
(From the ground to the ridge)

m

Height of parapet: mm

Roof area: Length Width m

Permissible additional load on the roof area: /m2 (only for ballast systems)

3. Roof structure

Rafter 

Purlin 

Distance between purlin/rafter: mm
Material: Wood Steel

4. Roof covering

Foil roof Gravel roof Bitumen

5. Module

Module type¹

Please attach the latest installation manual of the module, otherwise the standard clamp for PV modules will be chosen accordingly for the layout.

Module dimension: mm × mm × mm
Length Width High

Module weight: kg Framed module
Module power output: Wp Frameless module

6. Optional

Additional wishes

¹ Please add module datasheet including information about fixing restrictions.
